STATE DEPARTMENT FOR LIVESTOCK
SMALLHOLDER DAIRY COMMERCIALIZATION PROGRAMME (SDCP)**

**TENDER FOR SUPPLY AND DELIVERY OF TWO TRUCKS FITTED WITH
CRYOGENIC TANKS (2000-2500 LITRES) TO TRANSPORT LIQUID
NITROGEN**

TENDER NUMBER: MOALF&I/SDCP/IFAD/ICB/02/2018-2019

18th March 2019

CLARIFICATION 2

LN2 Tank:

Would the project accept a carbon steel outer tank? As this would save a considerable amount of costs, plus the inner tank (the element making contact with the LN2) would still be stainless steel.

Instead of ASME VIII div 1 would the project accept the equivalent EN standard?

If not, so you need an ASME stamp on the inner vessel as this adds costs as well.

We can comply with the specifications outlined but the manufacturer advised, and we agree, that some considerable cost savings can be achieved by making small changes that overall do not affect the quality or performance of the tank unit.

RESPONSE

Equivalent type or better quality acceptable
